

Extra Credit (20 points possible)

As flu season rapidly approaches, there will be an unreal demand for tissues here in our classroom. While many of us will take every precaution to prevent ourselves from succumbing to this terrible disease, several of us will undoubtedly suffer at the hands of influenza.

For extra credit, you may bring in a box of tissues for the classroom. Each box of tissues you bring in will give you 10 extra credit points, however the maximum amount of boxes you may turn in is (2). On the bottom of your tissue box, you **MUST** write the following (or you may not receive credit):

Name

Period (that you have Math)

Subject (that you would like your extra credit points to go to)
